Jodi is 'fabulous.' She intuitively and professionally understands how to connect with her clients on multiple levels. The focus was always on what I needed to get out of the sessions. This wonderful coach won't stop until you are 100% satisfied with the materials and her services. In our follow up sessions Jodi went above and beyond to help me to prepare exercises for an upcoming live event. You will be well advised to choose her for your coach or for your coach certification.

Jodi Nicholson is a superb Instructor, Coach and Facilitator. She has the wisdom to suggest flexible adaptations for client cultures and context, in lieu of rigid application of SCI guidelines and methods.

I started working with Jodi because I wanted someone to keep me accountable in my business. Wow, I must say, she is way more than an accountability coach. She is a brilliant entrepreneur herself and understands how to coach me in my business the right way. I've been a successful College Planner and entrepreneur for 7 years, but I've truly learned how to balance out my business and life. I never knew how it was possible to keep my wife happy, my clients happy, continue to grow my business, manage hundreds of daily tasks, manage a staff of 9 employees, and still have time for fun. I truly felt like my business was controlling my life, but after working with Jodi, she has proved me wrong. I never actually thought that I can work less but make more money and have more time for my family. I've worked with many coaches in my life but none like Jodi, I REALLY MEAN IT WITH THE BOTTOM OF MY HEART. Honestly, when I started working with Jodi, I expected to have the same experience I've had with other coaches in my life, but she is truly an Angel in my life. Jodi has been here for me during good times and bad times in my life. In life, we all have ups and downs, but she has really taught me how to take control of my life. I feel like I have my life in my hands and no matter what happens, I know how to deal with all types of challenges. I used to have a big "to-do" list and wish list and didn't know where it was taking me. Now Jodi has helped me identify my purpose in life, my mission, and how to achieve all my goals, in fact we have achieved a few of them and I can't tell you how great I feel. Jodi is the most caring person I have ever met. She has really been a true asset in my life. You know that saying, "LIFE IS GOOD", I actually can say that now.

She will coach you out of your comfort zone and into the world of big business where you will learn to stop playing small and embrace the heights to which you can grow both personally and professionally.

For Sterling Publishing Group

I want to share my experience working with Jodi Nicholson to design, copyedit and publish my book. Jodi's knowledge on what it takes to create a professional quality book makes the process easy. Jodi was patient, efficient and professional and guided me every step of the way, bringing my vision to reality. Jodi's creativity and openness to my vision and purpose for my book ensured that the text layout, book cover and overall design were in synch. This was my first experience writing a book. I could not have been as successful without Jodi's assistance. I know my book would not be the top shelf quality it turned out to be without her guidance and support. I consider Jodi a resource, a mentor, and a friend.

~*Alvin Dawkins, Author - RISE to Greatness and RISE & Shine!*

I had my book *RISE to Greatness* published by the Sterling Publishing Group. Working with Sterling Publishing Group was nothing short of amazing. They worked hand and hand with me throughout the entire book publishing process. I was kept informed and educated during every step. They made it very easy for me as a novice author to get my book published and available for sale. The book cover design far exceeded my expectations and made my cover something I will treasure forever! I would highly recommend the Sterling Publishing Group to anyone seeking to have a book published. The quality was nothing less than top notch. The service was professional and yet had a boutique personal quality to it. I could not ask for a better product, better service or a better experience. You will love working with them! I cannot wait to do it again! - *Alvin Dawkins, Author - RISE to Greatness*

I just finished my second book *RISE & Shine* and it was published by the Sterling Publishing Group. This was my second time working with them on a book project. Once again, they did not disappoint. The process was efficient, professional and the result was a book I absolutely am in love with. It is wonderful to have people in your corner who take the time to understand your vision, and then have the ability to create it. If you want a book published with integrity, and quality you simply cannot go wrong with the Sterling Publishing Group. I would not go with any other publisher. Once again you exceeded my expectations and did a fabulous job!
- Alvin Dawkins, Author - *RISE & Shine*

Jodi Nicholson has taken all of the mystery and angst out of publishing my book. When I was ready, she cleared her schedule, rolled up her sleeves and made my project her top priority. I was amazed at how quickly the book got edited and printed. She is a brilliant editor and took my book to a higher level of clarity, while keeping the integrity of its content sacred. Jodi knew exactly when to prod me to finish the project so that she could work her magic and take it from being merely my dream to the exciting reality of holding my very own book in my hand. I would highly recommend Jodi Nicholson of A Fabulous Group and Sterling Publishing for all your publishing needs.
